Customer Reviews

Last week I bought a book 99 nail art styles but it wasn't as detailed as this recent book I just bought. The book '100 Amazing Nail Art Styles' has an extra nail style and also has more photos. This book is recommended for those who want to try different nail styles weekly

These amazing new nail art styles has been the best christmas present I have ever offered to my teenage daughter. First of all they came in a perfect case that she can take with her no matter where she wants to go. Furthermore the nail art has such a variety of styles and colors that anybody would be amazed, not to mention that it is offered at the lowest available price.

As stated above, cool pictures. There is no informational how-to. That's OK as you can pretty much figure out how to duplicate the artwork. The main reason for the three star rating is because the formatting is terrible and the grammar is even worse. The author should have had a proofreader.

I bought this book for my wife, she work in advertising and she has a lot of meetings. Now she has more confidence and her hands are very attractive. I am happy that I take this book for her. Every week she try different style, new ideas from the book. She love nail art from this book, and now is more beautiful for my eyes.

Just got this book for my sister who is in high school and love doing creative nail arts. Her happiness knew no bounds ! And the best part is I got this as a free promo. The pictures in the book are mind boggling and in my opinion this should be available in Print Format, would look so much cooler in hand.

wow! Today, I got this wonderful eBook on perfect nail art. They explain 99 art style on nail art. All are so pretty and cool. I loved it so much. Thanks a lot for such a cool book as free of cost. I love it!

My wife has found different designs portrayed in this book very useful for her nails and she has been trying those designs on a regular basis. She has been even recommending this book to her friends, too.

There are many books on on this subject. I purchased three books for my little sister. This book is the best.
