## Customer Reviews

Good songs and Chords for the Ukulele are easy enough, but only the Day Tripper had a measure with TAB for picking Ukulele strings. The Chords are shown on the songs and the CD helps. But the piano music is nice but hard to hear the Ukulele playing. Strumming patterns are too simple. Luckily I have a piano and can convert the music notes in to the lines on the Ukulele into TABS. This will take some time. I would have like a score with all the TABS for the finger picking.

I always love playing the ukulele. My brother is trying to borrow it and I said "no way"

I can't leave any stars because the book never made it to me... It got stuck in shipping... Would

have loved to give it a try...

Honestly, I misread the product description, which was my fault, I was expecting a book. I've not had a chance to look at the dvd yet but all the other Hal Leonard products I have are great so I give this five stars.
