My daughter requested this book - she already had a book of John Williams movie music that had one or two pieces but this has much more from all movies and composers. She loves to use it for fun practice. I'd say it's at a good level for her - an advanced student and an intermediate player overall.

I own the flute books for 1, 2 and 4. I understand they are easier solos, but the CDs provides always included a great backing and flute. This book shows me the very obvious lack of that in the other

songs. The solos are very very simple, and the flute and orchestra backing sounds more like a MIDI file or one that's too...perfect? It feels robotic and then at random times it's out of tune. It doesn't sound authentic, and while I love the songs, I'm disappointed overall. I suppose it at least a starting point, and I can add more difficult parts myself.

I love the music from the HP movies and am well pleased with the selection of tunes in this play along. I am disappointed with the tempo tool that Alfred included on the disk. It forces you to install java and quicktime and then freezes your computer when you try to use it. I did a bit of research and found that the standard media player will do the same thing. Step by step instructions can be found by searching "tempo changer for windows media player". No special tools are needed and you can select tempos from 50% to 200%.

I just like Harry potter music, and wanted to learn how to play it. It is a perfect start for a late beginner in flute. Nice product. It arrived in perfect condition.

Really handy flute fingering chart at back, plus tuning (i.e. what note to tune to - Concert B). Lovely pictures inside covers - very nostalgic. Great assortment of songs covering the original favourite themes, to more recent movie melodies. Includes standard play along CD, with or without cue (excellent for beginners, or those unfamiliar with particular track). Would recommend for ages 8+ who are somewhat proficient. Great for practice, those who want to pick up a lost talent. Would recommend to purchase with Chamber of Secrets Instrumental Solos for Flute, for those looking for a better range of original John Williams tracks to accompany.
