The Awakening: The Gifting Series, Volume 2

Synopsis

Tess Eckhart isn't crazy. She's not suffering from psychosis. She and Luka Williams are part of The Gifting. Before they can find out what that means, the man with all the answers turns up dead. The only thing he left behind? A few patient files that lead to the nation's most lawless city. With authorities chasing them, Luka and Tess escape into the very heart of peril and against all odds, find an underground community of people just like them. They aren't gathered together for the sole purpose of survival, either. They have a plan and a purpose - to awaken as many people with The Gifting as possible. It's dangerous and deadly work. Tess wants to help. Luka is desperate to keep her safe - a task that proves increasingly difficult as Tess's gifting comes to light. Could Tess Eckhart be the One they've been waiting for? The One who can save them all?

The GoodSuch a great follow up to The Gifting. I'm amazed at where this series is going. The Awakening has a great mix of meeting new characters, learning more information, action, and suspense. Our two main characters Tess and Luka are on the run. They meet a fountain of other great characters on their trek. We also get to see some of the characters from the first story every now and then which I enjoyed. I love that there is no one you can trust in this series. This is a very creative and interesting story. The Awakening spent a large majority of the time with our characters in the dream world where they are training to hone their skills as a Fighter and a Shield against a darkness that the rest of the world says doesn't exist. The BadVery cliffhanger ending that has you wanting to immediately jump into the next book. Thankfully, I don't have to wait. I would've been

very annoyed reading this one before the third was out. The Romance In The Gifting, Tess and Luka pretended to be in a relationship to explain why they were spending so much time together. This has blurred a lot of things and caused quite a bit of confusion on Tess' part who doesn't feel that Luka could actually have any feelings for her beyond the connection they share with their gifts. I enjoy both of these characters. Even though Tess is brash and often does exactly what she's told not to, I appreciate that she is willing to do anything to save people she cares about. While Luka is a great guy, he doesn't do a good job of talking about his feelings and just assumes that his actions tell Tess all she needs to know. I would agree with that if not for the pretending to be in a relationship before and the appearance that he is overly concerned with her safety.
