Presidential Sheet Music: An Illustrated Catalogue Of Published Music Associated With The American Presidency And Those Who Sought The Office

Synopsis

Presidential Sheet Music presents an exhaustive listing of presidential-related music in all printed forms, and provides information on each piece. Thus may we expand our understanding of political communication and discourse throughout American history. A sizable Introduction discusses matters from the publication in 1768 of The Liberty Song (which formally made music an instrument of political expression in America) to the few 1980s and 1990s presidential songs and marches. There are also helpful appendices which list music by titles, composers, publishers, and candidates.

Customer Reviews

You cannot find a better listing of almost every political sheet music. If you have one that is not listed, best call the author, or put it on eBay (too bad you cannot list it on - wait, maybe you can!)

No problem. Easy transaction.
