# Answering Jihad: A Better Way Forward

## **Synopsis**

From New York Times best-selling author and former Muslim Nabeel Qureshi comes this personal, challenging, and respectful answer to the many questions surrounding jihad, the rise of ISIS, and Islamic terrorism. San Bernardino was the most lethal terror attack on American soil since 9/11, and it came on the heels of a coordinated assault on Paris. There is no question that innocents were slaughtered in the name of Allah and in the way of jihad, but do the terrorists' actions actually reflect the religion of Islam? The answer to this question is more pressing than ever as waves of Muslim refugees arrive in the West, seeking shelter from the violent ideology of ISIS. Setting aside speculations and competing voices, what really is jihad? How are we to understand jihad in relation to our Muslim neighbors and friends? Why is there such a surge of Islamist terrorism in the world today, and how are we to respond? In *Answering Jihad*, best-selling author Nabeel Qureshi (*Seeking Allah, Finding Jesus*) answers these questions from the perspective of a former Muslim who is deeply concerned for both his Muslim family and his American homeland.

## **Customer Reviews**

In the preface of "Answering Jihad", Dr. Nabeel Qureshi says that when it comes to the topics of Islam and jihad, "There is too much confusion, too much misdirected anger, too much misinformation, too little balance, and too little grace to remain silent any longer." That's why I wanted a book like this one and I can full-heartedly say that the author does a magnificent job of bringing the much needed clarity, reason and the grace of God to our dialogue about Islam in our

times. Because Nabeel grew up in a devout Muslim family he has a solid and reputable background to speak from. His father was an officer in the US Navy, so the author is able to speak for the followers of Islam who love and support America. Nabeel was not your average follower of Islam, but one who studied in depth the teachings of his parents' faith from childhood and defended it with passion well into his college days. However, during his pre-med studies he developed a great friendship with a fellow student that led to his conversion to Christianity. (Read "Seeking Allah, Finding Jesus".) That change of heart and mind has taken Dr. Qureshi into being one of the leading voices in Christian apologetics with RZIM and during his presentations Nabeel is asked probing questions regarding Islam, jihad and how we should respond to Muslims, to the mid-east wars and the needs of the refugees. In "Answering Jihad" • Dr. Qureshi addresses eighteen key questions he has heard around the world and to give us the answers we are looking for without the anger, the bias, the politics and false assumptions that are so often presented in the media. The book is well written and presented in such a way you will not need a degree in theology or in social-sciences to follow along.
