Customer Reviews

I needed the entire work (Piano part and Solo part) but received the piano part only. The shipment was not fast. The Kalmus Edition was advertised for both the Piano and Solo parts. I had to order the piece from another vendor in order to get the Solo part. Be cautious about ordering from this vendor.

Good version of the Hummel. You are going to make your own articulation marks and dynamics anyway so why not go with the cheapest version that you can find and memorize it. Easy to read, not too small like some.

There are 4 measures missing from the second movement.

I ordered this for my daughter. Perfect for MPAs

The trumpet solo part was missing
