Customer Reviews

My son has special needs, so we didn't want to spend a lot of money on something that he'd possibly lose interest in in a short time...this book gives you a very basic beginner lesson in learning the trombone.

move at your own pace by re-playing all of lessons. cd helps greatly with getting the notes right. nice teaching method.

Clear instruction. The CD that comes with it is ideal for perfecting the proper pitch for each note.

now I need to buy a trombone.....
