# Prince Of The City: The True Story Of A Cop Who Knew Too Much

## **Synopsis**

In the early 1970s, the federal government undertook the investigation of the corruption penetrating the entire criminal justice system in New York City, particularly the Special Investigations Unit (SIU) of the Narcotics division of the NYPD. Young and enthusiastic, Detective Robert Leuci was chosen by federal prosecutors Rudolf Giuliani, Maurice Nadjari, and Tom Puccio to probe this world of corruption as an undercover agent. Operating in deep cover, with only the prosecutors and the police commissioner aware of his dual role, Leuci walked a tightrope that made his life a nightmare. He was in mortal danger from both sides. In a world where conflicting pressures are excruciating, who should bear the burden of being right when so much of the system is wrong?

## **Book Information**

Paperback: 326 pages

Publisher: Moyer Bell (September 1, 2004)

Language: English

ISBN-10: 1559213809

## **Customer Reviews**

This is a dazzling work of nonfiction that traces the story of Robert Leuci, a young detective with the New York City Police Department who came to a crossroads in his life and found himself confronted with whom he had become and, apparently, did not like what he saw. As a team leader in the elite and now defunct Special Investigations Unit (SIU) of the Narcotics division during the late nineteen sixties and early seventies, Leuci was involved in many large narcotics takedowns and, consequently, the corruption that then often ensued. In early 1971, Leuci was called to appear before the Commission to Investigate Alleged Police Corruption, which was known as the Knapp Commission. Although the commission had no evidence of wrongdoing by Leuci, it had called him in to ask about some of the detectives that he had worked with in SIU. Leuci, at the time, refused to

give up his fellow officers, claiming that the whole criminal justice arena, including the lawyers and the courts, were corrupt. Leuci was interviewed by Nicholas Scoppetta, a former Manhattan Assistant District Attorney with the Knapp Commission (and now the current New York City Fire Department Commissioner). After interviewing him, Scoppetta decided to leave the Knapp Commission and persuaded the federal government to undertake a probe into the entire criminal justice system of New York City with Detective Robert Leuci as its linchpin, an investigation that the federal government agreed to undertake. The book details Detective's Leuci's personal exploits, as he fearlessly helped the federal government make its cases against lawyers, bail bondsmen, and other cops.
