Solos For Young Violists, Vol 2: Selections From The Viola Repertoire

Synopsis

Solos for Young Violists is a five-volume series of music books with companion compact discs featuring 34 works for viola and piano. Many of the pieces in this collection have long been recognized as stepping stones to the major viola repertoire, while others are newly discovered, arranged, and published for this series. Compiled, edited, and recorded by violist Barbara Barber, Solos for Young Violists is a graded series of works ranging from elementary to advanced levels and represents an exciting variety of styles and techniques for violists. The collection has become a valuable resource for teachers and students of all ages. The piano track recorded on the second half of each CD gives the violist the opportunity to practice with accompaniments. This title is available in Music Prodigy.

This is a great book (from a great series) of solo repertoire for viola. Many of these tunes are well known by students and some are totally new. Includes a variety of techniques (different bow strokes, grace notes, chords, etc.) I also appreciate the variety of key and time signatures through the book. A couple of compound meter tunes- and also keys ranging from one sharp to four flats. Super fun to play. Students will love it!!!

Nice variety of pieces. Seems to be a hit with my student. Piano accompaniment a plus.

The book was in perfect condition. It came on time perfectly. If it wasn't for the fact of a problem I had(not due to .com but the fact that unknowingly I had two separate accounts with the same e-mail address and two separate passwords) I would have been able to send a message to you sooner to tell you that it was the wrong book and that I need violin and not viola(again my mistake I clicked on the wrong icon)and need to return it.cannot find a way to return item though.
