Gulliver's Travels

Synopsis

Travelers visit many strange places. They see very many wonderful things. When they return home they tell wonderful stories about what they have seen. Thus begin the words of Jonathan Swift's immortal Lemuel Gulliver in his witty masterpiece, *Gulliver's Travels*. Retold for the modern young reader while retaining all of the tongue-in-cheek charm and political satire of the original classic, the adventures of the keenly observant Gulliver in Lilliput and Brobdingnag are certain to enchant a whole new generation of listeners.

Book Information

Audio CD: 2 pages

Customer Reviews

My five year old son loves this story as read here. The reader has done well to omit many of the lengthy political parts of the book, yet not dumb the wording down too much. Read in a good easy to listen to tone.
