Synopsis

The updated 2nd Edition of the Justinguitar.com Beginner's Songbook is now spiral bound for easy reading and page turns, while remaining the same compact size for jamming on the go. Established as the ultimate songbook available for beginners, the Justinguitar.com Beginner's Songbook - 2nd Edition is the perfect complement for Justin Sandercoe's revolutionary online lessons which are used by hundreds of thousands of people across the world. Now you can learn to play 100 classic songs as your playing develops through the course. The book includes: Complete lyrics and chords to 100 songs by artists such as The Beatles, Bob Dylan, Bob Marley, Eric Clapton, Jimi Hendrix, Johnny Cash, Simon & Garfunkel, Jeff Buckley, Crowded House, Mumford & Sons, Kings of Leon, Nirvana and many more. There are 10 songs for each stage of the Beginner's Course, building up from easy three-chord songs through to more advanced tunes. Tuition notes for each song by Justin advising you on strumming patterns and chord changes, with diagrams to illustrate all the chord shapes you need.

Customer Reviews

I am more of a fingerstyle guitarist so I prefer to devote more of my practice time on that rather than strumming. However, I don't want to neglect that skill or at least the ability to strum out some singalong tunes if the occasion calls for it. Justin's Beginner's Songbook is the perfect tool to help me practice strumming patterns while learning some singalong tunes. Contrary to some other reviewers of this book, I like the book's set-up. New chords are given at the beginning at each stage only. There isn't a section that gives you chord diagrams so it forces you to memorize chord

diagrams as you progress through the book rather than rely on convenient chord diagrams above every lyric. It isn't a chord reference book so if you're looking for that, there are plenty of cheap ones on or even free on the internet. The chord name is given above the words of the lyrics and on the corresponding page Justin gives his recommended strumming pattern as well as some tips and trivia. There are other chord strum-a-long books out there but most of them usually just give the chords and the lyrics and not much else. You definitely get a bit more with this book. That being said, if you are familiar with Justin's videos, there really isn't anything new in the book from what he says/does in his videos. So if you are looking for something new, you may be disappointed. I purchased this mainly because I am a visual learner and seeing strumming patterns and lyrics right in front of me makes learning a lot easier (as opposed to watching Justin's videos over and over again). If you have surpassed the beginner level in Justin's guitar course, I'd recommend skipping this. The song selection is great! With 100 songs, there is something for everyone across every skill level.
